How to find your classroom

- 1. Check the timetable to see which building your class is.** (Use cheat sheet above) ex. BB 1-52
 - 2. Each building room starts with the floor in which the room is located.**
For instance, if the room number begins with:
 - 0** - Basement floor
 - 1** - First floor
 - 2** - Second floor
 - 3** - Third floor
 - 4** - Fourth floor etc
 - 3. When you arrive on the floor, written in front of each door is the exact room number.**
Check each door to find your classroom.
- NOTE: Some classrooms do not have room numbers. They have room names instead. For instance, ROWE THEATRE (TH.ROW), THEATRE A (TH. A), THEATRE B (TH. B) etc
